President Lloyd's Page

Dear Fellow Alumni:

There are a number of important matters before the College just now. I would like to talk a little with you about them.

Closing Another Year

The first is one which, of course, seems more important each Spring to administrative officers, teachers, and students at the College than it does to alumni away from the College. It is the closing of another year. In some ways it is closing two years: one the academic year at Commencement, which this time is May 15; the other the fiscal year on May 31. There are many preparations to be made before both of these dates. This year has a special significance because it is the 125th. The date of Maryville's founding was October 19, 1819.

The number of graduates on Commencement Day will be about 65. But 11 who completed their graduation requirements last December and about 6 who can finish in the coming Summer will be listed also in the Class of 1944. Thus the total will be about 80, which

is 40 smaller than the average of the past decade, largely because there are only 19 boys in the 80, compared to 60 boys in the Class of 1938.

Closing the business year is a very important matter and closing it in the "black" even more important. We hope to be in the "black" this year.

Closing the Army Program

On March 31 the Army Air Forces announced a plan to discontinue the College Training Program after June 30. A month earlier the Army had announced the closing of the program in 70 of the 151 colleges and universities where it was operating. Maryville's was one of those to continue. The later announcement that all of the other 81 would also be closed came as a surprise. It was accompanied by a statement that the training of so many Army fliers does not now seem necessary.

Maryville College, like the 150 other colleges which have had the AAF program and those which have had the ASTP program, faces a new set of problems for next year. Thus far during the war, although most civilian men students have gone, Maryville College has had a capacity combined civilian and army population. The College and its officers and faculty have given more than a year of hard work and, we believe, of valuable direct service to the war effort and we are grateful for the opportunity.

Unless some unforeseen change comes meanwhile, next September will find the soldiers gone and all but a very small number of civilian boys gone. That will mean a small student population for Maryville and some serious budget questions to answer.

A Full Program Next Year

However, there will be a full college program in operation. Our several hundred women students are just as important as would be men students. It is in fact more essential now than in ordinary times for girls to be given the full benefits of college training. They alone are free to take it. The coming years will depend especially upon them. Maryville will make such adjustments as are necessary for the new conditions but will offer the advantages of its long history, high standing, and strong faculty to all students who enroll.

Cordially yours,

The President's Office April 28, 1944 Kaeph Walso fland

The 1944 Commencement

Although these are war days, travel is difficult, and the graduating class smaller than in peace times, the Maryville College Commencement season was a very pleasant and satisfactory one.

It began with the Senior Chapel Service of Wednesday, May 10. In addition to the program by members of the class, there was the annual exchange of sittings. This is a ceremony in which the Senior Class turns its seats in the Chapel over to the Junior Class. On Friday of Commencement week there was the annual public presentation of prizes and awards and on Saturday morning there was a program of drama and music. These events were surprisingly well attended in view of the circumstances. On Saturday afternoon the annual reception of President and Mrs. Lloyd was held at the President's House for alumni, seniors, parents, faculty, and guests.

The Alumni Dinner of Saturday night was a very successful occasion, with 184 persons present, which taxed the facilities provided since only 150 made reservations. A unique and interesting address was given by Dr. Andrew Wade Morton, '01, of San Francisco, on the subject, "A Doctor's Life."

Dr. Morton was driven to become a physician by the untimely deaths, from unknown causes, of members of his family. When he stated that while he was yet in medical school in Nashville Pasteur made his great discovery and came forth with the germ theory of disease, he profoundly impressed his audience with a realization of the rapid strides made in medicine and surgery within the life time of one man. The road over which he has come and his accomplishments as a doctor and surgeon rank him among the pioneers of America.

The Fifty-Year Class was represented by Rev. Dr. Lorenzo R. Foster, who spoke briefly and effectively in its behalf.

Floyd R. Watt, '21, President of the Alumni Association, presided; James R. Smith, '35, Executive Secretary, made his annual report; Mrs. Fred L. Proffitt (Estelle Snodgrass, '08) was elected President for the ensuing year and other officers and Executive Committee members were elected, as reported elsewhere in this Magazine.

The Baccalaureate service on Sunday morning was well attended. President Lloyd's sermon was on the theme, "The Christian's Ideals in our Day." At the Senior Music Hour at four o'clock Sunday afternoon there was a delightful program of piano, organ, and vocal music. The Commencement Vespers found the Chapel full again. The sermon was preached by a Director of the College, Rev. Clifford E. Barbour, Pastor of the Second Presbyterian Church, Knoxville, on the subject, "Youth and Religion."

At the Graduation Exercises on Monday morning the address was given by William Robert Webb, Jr., for the past thirty-six years Principal of the famous Webb School for boys at Bell Buckle, Tennessee. His theme was "Education As A Tuning Process." Degrees were conferred upon sixty-four seniors. Eleven others completed their work in the accelerated program last December and a few more will complete their degree requirements this summer, making the number of graduates in the 1944 Class approximately eighty, the smallest class since 1926. This small number, of course, is due to the absence of boys and the accelerated schedule of both boys and girls. The number will not come up again until after the war, but eighty is a large number after all.

Honorary degrees were conferred upon William Robert Webb, Jr., the speaker of the day, Rev. Clark Neale Edwards, Pastor of the Independent Presbyterian Church, Birmingham, and Edwin Ray Hunter, '14, Professor of English and Dean of Curriculum at Maryville College, now completing twenty-six years of

service on the Maryville Faculty.

Certificates were awarded to six living members of the Class of 1894 in recognition of the fiftieth anniversary of their graduation. None of them was able to be present on Commencement Day but the certificates will be mailed. Dr. Foster was at the Alumni Dinner but was forced to leave for his home in Scranton, Pennsylvania, before the Graduation Exercises.

The unavoidable delay in getting this issue of the Magazine through the press makes it possible for a resume of Commencement as an occasion of genuine satisfaction to those who were present to be given while it is yet fresh in our minds.

DR. VALE ELECTED MODERATOR

It will be of interest to all Maryville College alumni that Rev. Dr. Roy Ewing Vale, Pastor of the Tabernacle Presbyterian Church, Indianapolis, was elected Moderator of the 156th General Assembly of the Presbyterian Church in the U. S. A. at Chicago May 25. Dr. Vale has been a Director of Maryville College since 1919, having been elected when a pastor in Knoxville.

Dr. Vale went from Tennessee to Princeton Theological Seminary, and after two pastorates in New Jersey returned to Tennessee to serve four years as pastor of the Second Presbyterian Church of Knoxville. In 1921 he went to Chicago where he was for nine years pastor of the First Presbyterian Church of Oak Park. He was then for ten years pastor of the Woodward Avenue Presbyterian Church of Detroit, going to his present pastorate in Indianapolis in 1940.

He presided at the General Assembly with unusual ability and fairness.

ATLANTIC HIGHLANDERS

The fourteenth annual meeting of the Atlantic Highlanders, the Maryville College Alumni Branch in the East, was held at the Eastern Star Chapter House in Washington, D. C., Saturday night, June 24. There were about fifty persons present. The number was a little smaller than in normal years because of the impracticability of many people traveling from a distance. Most of those who attended are at present in the Washington area.

An unusual feature of the meeting was that there were three members of the Maryville College Faculty present. President Lloyd, who was in the East, spoke concerning the present program and progress of the College. Dr. Frank D. McClelland, Dean of Students, now on leave of absence and a captain in the Marine Corps assigned to Headquarters in Washington, and Dr. Verton M. Queener, Professor of History, also on leave of absence and serving in the Food Administration program in Washington, were present and spoke briefly. Moving pictures of the campus and program, some of them taken recently, were shown through arrangements made by Dr. Albert F. Murray, '15, who is one of the national group of scientists working in Washington.

William S. Fahnestock, Ex. '38, of Harrisburg, Pa., who has been president during the past year, presided, and reports were made by the secretary-treasurer, E. Lillian Cassel, '37, of Baltimore. Officers for the coming year were elected as follows: Harold F. Holman, '27, of Philadelphia, president, and Carol Celeste Cushman, '31, vice president. Miss Cassel's term as secretary-treasurer has another year to run. Homer E. McCann, '32, of Washington, was elected chairman of the Washington Division of the Atlantic Highlanders for the coming year. It was the consensus of the group that during the next year it might be wise to hold not only the annual meeting of the Atlantic Highlanders as in the past, but also additional area meetings both in Washington and Philadelphia, perhaps in the fall.

THE ALUMNI LIVING ENDOWMENT FUND

A partial report on the Living Endowment to the alumni assembled at the alumni dinner on May 13th, revealed that to date \$1,062.25 had been received by the Alumni Office and turned over to the College, all of which came in small sums.

Many members of the Association showed real pride in the progress made by the Fund to date. While every one seems to think that the Association has not done nearly what it can, and will do, the steady growth in interest reflected by a constant increase in the annual giving looks promising.

If you want to pledge to the Fund, write the Alumni Office of the College and a form for a conditional pledge will be sent you. Make your checks and money orders payable to Maryville College and mail to the Alumni Association in care of the College. We are up to our first thousand annually; now let us reach our second thousand in a single year.

NEWLY ELECTED OFFICERS, MAY 13, 1944

President Mrs. F. L. Proffitt Vice-President Rev. George Brown, '33 Secretary Miss Winifred Lee Painter, '15 Executive Committee: Class of 1947, Dr. S. E. Crawford, '12; Mr. Edward A. Caldwell, '22; Miss Doris Murray, '43.

ALUMNI SECRETARY TO KNOXVILLE

On February 27, James R. Smith, Executive Secretary of the Maryville Alumni Association and College Public Relations Secretary, was installed Pastor of the Graystone Presbyterian Church of Knoxville. He has moved his family to the Manse there and except for about one day a week which he spends at the College, he has been on full duty at the Church since March 1.

Mr. Smith, a native of Mississippi, graduated from Maryville College in 1935 and from the Columbia Theological Seminary, Decatur (Atlanta), Georgia, in 1938. For two years he was pastor of the Kirkwood Presbyterian Church of Atlanta. In 1940 he came to his position at Maryville College where he has rendered an excellent service. The call of the Graystone Church was laid before him very urgently, and at last he became convinced that it was his duty to accept it.

The College released him reluctantly, but of course with heartiest good wishes to him and the Church. The Graystone Church, organized in 1890, had as its first pastor for years, Rev. Dr. W. R. Dawson, a graduate of Maryville College in the Class of 1884, a Director of the College from 1890 to 1934, and Chairman of the Directors from 1927 to 1932. The second pastor, Rev. B. B. Lavender, served for fifteen years. Mr. Smith is the third pastor.

He will continue as Executive Secretary of the Alumni Association. The Church is near enough to the College to permit him to keep some regular touch with the office.

THE 125th ANNIVERSARY

Maryville College will be officially 125 years old on next October 19. It was on the corresponding date in 1819 that the Synod of Tennessee of the Presbyterian Church in the U. S. A. adopted the resolution establishing the institution. Even before that classes were meeting with Dr. Isaac Anderson who was elected head of the institution. A much earlier date might be taken for the beginning for from 1802 Dr. Anderson was conducting a school. But the College uses the date on which Synod took official action.

Because of difficulties and uncertainties connected with the war, the making of definite plans for an anniversary celebration have been postponed. President Lloyd announced that in the near future it will be decided whether to attempt the major celebration this year or have a limited observance and hold a more extensive one when the war is over. If any observance is held this year it will of course constitute Founders' Day and Homecoming would naturally be connected with it.

A NEW ADVANCE

On March 25 the National Association of Schools of Music elected Maryville College to full membership. This is the final step in the accrediting program.

In 1942 Maryville was elected an Associate Liberal Arts member following application and examination. Following the practice of the Association that a second examination and report be made within two years an examiner came in the Spring of 1943. The Association did not meet after that until now and could not act on the examiner's examination.

We are gratified that the College's work in music meets the high standards of the National Association and that we have been advanced. The present rating in music is now the highest available.

CAMPUS IMPROVEMENTS

The "activation" program in preparation for handling the Army Air Forces unit which came March 1, 1943, included a number of alterations in the buildings. Some of them were the following: wooden stair fire escapes on Anderson, Science, Thaw and Bartlett Halls, and on the Lamar Hospital; draft stop partitions and doors enclosing all stairways in Carnegie and Science Halls; additional wiring and lamp connections in all rooms of Carnegie and in Bartlett; rehanging to swing outward all exit doors which formerly swung inward at Anderson, Science, Thaw, Carnegie, Bartlett, Pearsons, and the Hospital; placing five additional exit doors in the Alumni Gymnasium.

The kitchen and refrigeration extensions reported in the last issue (October, 1943) of the Alumni Magazine, and financed by the College, were not required by the Government, but were desirable. The Army program has necessitated considerable new equipment, with the expense divided between the Government and the College. That paid for by the Government belongs to the Government. The Army Detachment has a good deal of equipment in addition to that provided by the College, including motor vehicles.

SUMMER TERM

One six-weeks Summer Term has been announced for this year. It will begin May 17 and close June 29. It will be possible for an individual to earn from six to eight semester hours of credit. The unusual dates are due to the fact that the Army program may close by the end of June and also that a new Selective Service Directive requires that pre-professional students be in professional school somewhere by July 1. A few boys need this six-weeks term before that date. These Selective Service changes reduce considerably the need for the full accelerated plan. It seems wiser not to attempt more work this year and to recommend to any students who might have planned to attend an additional summer term to arrange for work elsewhere if necessary and transfer the credits to Maryville in the fall.

SUMMER ACTIVITIES ON THE CAMPUS

The Army Air Forces program will run probably until June 30 only. A shortened Summer Session for civilian students will be conducted for the six weeks from May 17 to June 29.

In addition to these college activities, the Synod and Synodical Society of Mid-South will meet at the College June 27-29. The two Presbyterian Young People's Conferences originally scheduled for July have been cancelled.

The change in the Army's program has necessitated several other changes.

EASTER EVENTS

During Holy Week there were readings from the Gospel stories of Jesus' last week and special choir numbers in Chapel each morning. On Good Friday morning, there was held as in other recent years the impressive devotional service built around the Seven Words from the Cross. Also the student religious organizations held a well-attended noon service each day.

On Easter Sunday, April 9, the Sunrise Service was held in the Amphitheatre in the College Woods for the seventh successive year. Beginning an hour and a half before sunrise the band, choir, faculty, and other invited groups went to the home of President and Mrs. Lloyd for a cup of coffee and a roll. Easter music was played from Anderson Tower and along the road to the Amphitheatre for an hour before the service. The service has become well-established in form and is conducted by President Lloyd and the College Choir. It is an impressive occasion and is now locally well-known.

On Easter evening the Choir, under Philip O. Jones of the Music faculty, gave an excellent rendition of Dubois' The Seven Last Words of Christ.

Yes, Maryville College observes the Easter season.

THE COLLEGE CATALOG

The 1944 Catalog is now being prepared. It will consist of about 128 pages. The 1942 Catalog had 144 pages. In 1943 a War Year Abridged Edition of only 52 pages was issued. This year the Catalog goes back to a size near the usual one although a few things will be condensed, and the smaller enrollment requires fewer pages for student lists. Each year the Catalog is the May issue of the Maryville College Bulletin. The Alumni Magazine is also in the same series.

ALPHA GAMMA SIGMA

The Alumni Magazine of a year ago gave a list of members of the class of 1943 elected to Maryville's Honor Scholarship Society, Alpha Gamma Sigma.

One additional member of the class of 1943 who completed his degree requirements at the end of the summer session in the accelerated schedule, was elected to membership. He was Hal Baldwin Lloyd, second

son of President and Mrs. Lloyd.

The following members of the class of 1944 have been elected to membership and were publicly recognized on March 15: Dorothy Donnell Bailey, a chemistry major from Woodleaf, North Carolina; Donald Lincoln Barker, a philosophy major from Maryville, Tennessee, who plans to enter Princeton Theological Seminary in July; Ruth Case, biology major from Maryville, Tennessee; William Bradford Chappell, a physics major from Maryville, Tennessee, who graduated at the end of the first semester and has been a physics instructor for army classes during the past few months; Jean Lehman, sociology major from Haddonfield, New Jersey, who also graduated in December, and who plans to enter the Graduate School of Nursing, Western Reserve University, Cleveland, Ohio; Margaret Spayd, Latin major from North Hills, Pennsylvania; and Malcolm Thompson, history major from Aliquippa, Pennsylvania, who transferred to Maryville from the School of Foreign Service, Washington, D. C., and has been an instructor in army history classes during his senior year.

STANDARDS FOR PRESBYTERIAN COLLEGES

Upon recommendation of the Board of Christian Education and the Presbyterian College Union, the 155th General Assembly of the Presbyterian Church in the U. S. A. in 1943 adopted the following minimum standards for colleges which are affiliated with that Church:

- 1. The college shall adopt a statement of purpose clearly defining its status as a Christian college. This statement of purpose shall be included in the statement of institutional purpose in the official college catalogue and shall furthermore indicate that the college is affiliated with the Presbyterian Church U. S. A.
- 2. It shall be the declared policy of the college to employ as regular members of the faculty only men and women who are active members in good standing of some evangelical Christian Church which affirms its loyalty to Jesus Christ as the Divine Lord and Savior. The Board does not rule that this action is to affect faculty members already employed.

3. The college shall provide courses in biblical studies and shall require at least one such course for

graduation.

4. The college shall submit annually to the Board of Christian Education complete financial information for the year on forms supplied by the Board, and shall have an annual audit made by a certified public accountant. It is further recommended that the statements contained in the accountant's report shall conform with the accounting principles applicable to institutions of higher education.

5. The college shall be officially and fully accredited by the regional accrediting agency. If not so accredited, it shall be required to be specifically approved by the Board of Christian Education upon

recommendation of an examining committee.

These standards were presented to the Faculty and the Directors' Committees on Administration and Finance in March by Rev. Dr. E. Fay Campbell, Secretary of the Division of Higher Education of the Presbyterian Board of Christian Education. The Faculty and the Directors' Committees approved and accepted them without reservation, and they will be presented to the Board of Directors May 15. Maryville meets and goes considerably beyond them. For example, Maryville requires 10 semester hours of Bible and Religious Education while Standard 3 specifies only one course (which could be as little as one hour, which of course is not enough). Not only is Maryville accredited as specified in Standard 5, but also by all leading accrediting bodies.

"We at Maryville College heartily approve the purpose and plan of these Standards and hope they may even be lifted at certain points," says President Ralph

W. Lloyd.

* * * PRE-SCHOOL AGE MUSIC

This year the Fine Arts Division has provided a music class for small children under the school age of six. There are about six children in each class, with about twenty children in all. This is to provide practice teaching credit for college students taking the course in Methods and Technique of Teaching Music. It has proved very popular, and there is a waiting list of children.

THE CHAPEL FIRE

About 4:00 o'clock in the afternoon of December 3, 1943, fire was discovered in the attic of Elizabeth R. Voorhees Chapel, at the end toward town, over the platform and organ. The choir was rehearsing in the main auditorium at the time. Students were practicing in various studios on the lower floor, and other activities were in progress.

Fire and heavy smoke gained headway rapidly and were seen at considerable distances. The city fire department came promptly; college students, aviation students, and faculty carried some twenty-three pianos out of the building. The roof and its supports were rather extensively burned, but the fire was checked and the building was saved. Water damaged ceilings and walls, but the pipe organ escaped in a remarkable way. Within a week the building was back in use with a temporary roof, and men were at work on basic repairs. The permanent roof had to wait several months for slate, and the plastering and painting are still waiting until summer when the Chapel will not be so constantly in use.

The Chapel is covered by fire insurance, of course, but it is doubtful whether under the terms of the policies all of the items of damage will be cared for.

All Maryville College people rejoice that the Chapel, which has played so large a place in the college careers of all students of the past thirty-eight years, was saved.

THE FEBRUARY MEETINGS

The 68th series of February Meetings proved to be a highly successful series under the leadership of Rev. Dr. Harrison Ray Anderson of Chicago. The sincere and able preaching of Dr. Anderson, the usual hearty and helpful handling of the music by Dr. Sidney E. Stringham, the full schedule of interviews, and the total spirit and program led to a deepening of the spiritual life of the whole College as well as of the lives of the individual students. God continues to use the Meetings as He always has used

THE FACULTY CLUB

For the past ten years or more the Maryville College Faculty Club has been meeting for dinner and an address in the Home Economics rooms in Science Hall once a month during a considerable proportion of each college year. Members of the Faculty and Staff and their wives or husbands attend. The usual attendance is about seventy-five.

The papers and addresses given during the current year were:

DR. H. E. ORR

November 8 — Dr. Hunter— The Language of Poetry.

December 6-Dr. Davis-Pompeii (slides).

January 31—Miss Wright—Sidney Lanier in East Tennessee.

March 20—Dr. E. Fay Campbell—The Church-Related College.

April 3—Dr. Briggs—Psychological Bases of World Peace.

The meetings of the Faculty Club are planned by a faculty committee appointed by the President of the College. Dr. Horace E. Orr has been the chairman of this committee since its beginning ten years ago. Other members during the past year were Miss Cowdrick, Miss Meiselwitz, Mr. Barker and Dr. Williams.

STUDENT WAR STAMP SALES

Under auspices of the International Relations Club there have been sales of War Stamps and Bonds every Friday at tables provided by the four college class organizations. The sales for the second semester have totaled over \$600.00 thus far.

SOME SENIOR BIRTHDAYS

PRESIDENT EMERITUS SAMUEL TYNDALE WILSON was 86 on February 17. He continues to live at his home on Indiana Avenue to which he moved upon his retirement from the Presidency of the College in 1930.

DR. WILLIAM PATTON STEVENSON, College Pastor Emeritus, was 83 on December 24. He has spent most of the winter in St. Petersburg, Florida, and has been recovering gradually from his serious illness of last year.

MRS. JOHN WALKER, who has lived at Morningside since she built it in the College Woods in 1932, celebrated her 92 birthday on Easter, April 9. She is well and active and interested in many things.

THE SERVICE FLAGS

Two service flags now hang in the Chapel. Since the first flag's picture appeared on the back cover of the October Alumni Magazine the stars on it have increased from 400 to the flag's capacity of 665, and a second flag has been purchased by the Alumni Association. There are 335 stars now on it, bringing the total to 1000 stars.

It will be recalled that the Class of 1943 at graduation purchased and presented to the College the first flag and placed stars for its members at that time in the service. The Alumni Association has paid for all other stars (which cost about seven cents each) and the second flag.

There are five gold stars. Three were reported in the October Alumni Magazine, those for Chaplain (Colonel) Frank L. Miller, '14; for Ensign Weldon A. Baird, '39; and for 1st Lt. Herbert I. Turner, Ex. '41. The two added since are for 1st Lt. Fleming P. Griffith, Ex. '43; and for F. A. Greene, Jr., Ex. '46.

ATHLETICS AND DEBATE

It is unnecessary to report that there have been no intercollegiate athletics at Maryville this year. With a maximum of 65 civilian men students and the Army's rule forbidding aviation students to play in intercollegiate competition there has been no possibility of even discussing the matter. There is a busy program of competitive play on the campus, and of course a vigorous physical training program.

Conditions inevitably have curtailed intercollegiate debate, but there has been a squad at work under Dr. David H. Briggs, and it has participated successfully in a few contests with institutions in the general area.
